

LOW POWER HIGH ENERGY

The New International
Market for Independent
and Local Broadcasters
JUNE 20 - 23, 2001
VEVEY, (LAKE GENEVA)
SWITZERLAND

*The unique platform
for independent producers,
broadcasters and webcasters
to meet, share experiences,
trade and "talk shop".*

The Content Market

Our electronic videokiosk allows the viewing of audiovisual programmes (TV/Radio/Web) in order to sell, buy, exchange or coproduce.

The Technical Exhibition

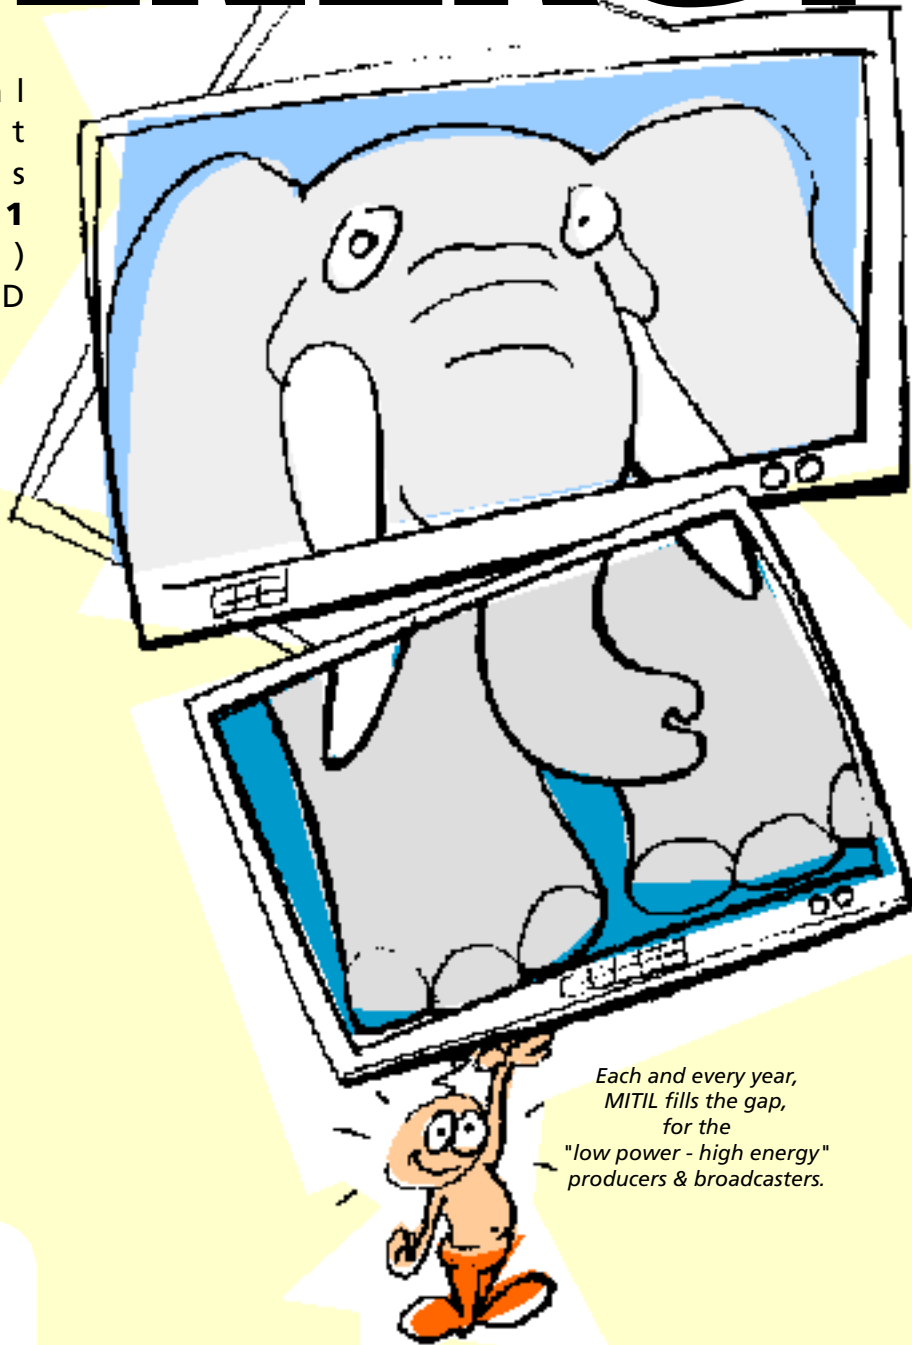

Soft and Hardware solution providers exhibit tailored-made products and services for targeted visitors.

The Discussion Forums

"Down to earth" themes discussed with participants in conferences and case study presentations from around the world.

The Awards

Selected entries will compete for the MITIL Awards - a unique opportunity to promote the best programme of independent producers and broadcasters.

Concept: DIABOLO Design - www.diabolo.com

*Each and every year,
MITIL fills the gap,
for the
"low power - high energy"
producers & broadcasters.*
